One letter protested extension of a water main unless it was a necessary link to another project. Most projects were approved on a routine basis.

Three damage claims were referred to the liability company and the city attorney. One was from Kenneth A. Stickney for injuries sustained by his wife in a fall on Eighth St. Another was of Emil F. LeJeune for damage to his mail box by a city snowplow, and the third was from Robert Dykstra for damage to his car in an accident with a city owned truck.

Dutch Take 12th Victory Of Season

Hope College's basketball team closed out the home season here Tuesday night with an 87-83 win over Aquinas College for its 12th win and sixth in a row before 1,000 fans in the Civic Center.

Aquinas, winners of two games in 14 starts this season, got "hot" in the second half and threw a late game scare into the Flying Dutchmen who were coasting along with 10 to 17-point leads.

Little Gary Fewless, 5'9" Lansing freshman, was the most trouble for Hope. He scored 11 baskets in the second half on jump shots from all over and scored 22 of the 50 points tallied by the Tommies in the final 20 minutes.

Hope ran over Aquinas in the first half and led 48-33 at intermission. They continued in command in the second half and with 11:58 remaining had a comfortable 67-50 margin.

But with 8:28 left, Aquinas, with Fewless and Al Hess scoring, chopped the margin to nine, 73-64. Ten points separated the teams for the next four minutes before Fewless got two quick baskets and the Tommies were within six, 80-74 with 3:17 left.

Jim Vander Hill retaliated with a long jump shot and Ron Venhuizen drove in for a two-pointer and the Flying Dutchmen were again 10 points up but the scrappy Tommies wouldn't quit.

Fewless bombed again and Hess followed suit with 2:06 left. Fewless scored what proved to be his final basket with 1:26 left when he intercepted a Hope pass and dribbled the length of the floor. Fewless made 11 of 15 from the floor in the second half.

This basket put Aquinas within four, 84-80. Vander Hill scored a driving layup before Aquinas added a basket and a free shot with 35 seconds left. Vander Hill's free shot with 21 seconds left concluded the scoring and gave Hope the four-point win.

Vander Hill paced Hope with 28 points and pushed his season's scoring mark to 490, for a 24.5 average. Vander Hill made 11 of 21 from the floor.

Ek Buys followed with 17 points and pushed his season's scoring total to 318 and a 15.9 average. Glenn Van Wieren added 15.

Fewless, a sub guard, ended with 26 points. Tom Williamson, who scored 16 of his points in the first half, had 20 and Hess made 16.

In outscoring Hope 50-39 in the second half, Aquinas made 24 of 51 shots for 47 per cent. Hope wasn't far behind with 17 of 40 for 43 per cent. But Hope missed easy shots near the basket in the second half.

Hope ended with 35 of 77 for 45 per cent while the Tommies had 38 of 92 for 41 per cent. Aquinas' first half shooting was 14 of 41 while Hope had 18 of 37 for 49 per cent. Hope made 17 of 26 free shots and Aquinas, seven of 10.

Aquinas edged Hope in rebounding, 54-53. Each team got 32 defensive rebounds. Gary Nederveld led Hope with 14 rebounds, nine defensive while Buys and Van Wieren each had 10, including six defensive in the second half by Van Wieren. Williamson, 6'5" Chicago Junior, had 17, nine defensive in the second half.

Hope concludes the season Saturday at Alma. The Flying Dutchmen, now 9-2 in the MIAA, must win the game to gain a share of the league crown. Kalamazoo, following its 62-60 win over Calvin Wednesday, is 8-2 with Albion and Alma still on the slate.

Blaze Damages Pioneer Club

Fire at 2 a.m. Wednesday caused an estimated \$500 to \$1,000 damage at the Pioneer Club at 179½ River Ave.

The blaze damaged an outside stairway and rear entrance to the club, located on the second floor of a three-story brick building. Fire Chief Dick Brandt said fire damage was limited to the rear of the second floor. There was some smoke damage to the other two floors, Brandt said.

The fire was believed to have started in a garbage container on the second floor landing, just outside the rear entrance to the club. The proprietor of the Owl Sandwich Shop, located on the ground floor of the building, discovered the blaze and called firemen. The Pioneer Club had closed at 1:30 a.m.

WINTER'S TOLL — John Leugs of 25 East 20th St. surveys his heavily damaged garage Wednesday after the roof of the building collapsed under the weight of this winter's heavy snowfall. One inch of new snow early Wednesday, added to the season's total

snowfall, proved too much for the garage roof to hold. A bicycle in the garage was damaged. Leugs had his car at work when the roof fell in. Only the rear wall of the garage remained intact as the falling roof caused the other walls to bow and buckle.

Bids for Allegan County Jail Way Above Estimates

ALLEGAN—With low bids for Allegan County's new 60-inmate jail totaling \$76,000 more than the architect's estimate of \$370,000, members of the special jail building committee Wednesday were weighing the possibilities of rejecting all bids and seeking new ones on a different basis.

Bids were opened by the committee Wednesday afternoon. General contractors' bids ranged from a low of \$399,000, submitted by the Haydu Construction Company, Detroit, to a high of \$490,350. These were base bids, not taking into consideration the 17 alternates listed by Architect R. S. Gerganoff, of Ypsilanti.

Bids of general contractors included all mechanical and electrical work, excepting the jail equipment itself, and committee members felt that lower bids might be obtained if these items were bid separately, as was the recently completed county building.

Seven bids were received on the specialized jail equipment which includes cells, blocks and doors, ranging from a low of \$47,000 from the Stewart Iron Works Co., of Cincinnati, Ohio, to a high of \$83,950. The board of supervisors is scheduled to consider the bids at a special meeting Monday, Feb. 26.

Aquinas College President Is Speaker at Meet

A growing system of private colleges in Michigan, expanding in both services and enrollment during the coming decade, was forecast Tuesday night by the Rt. Rev. Msgr. Arthur F. Bukowski, president of Aquinas College. Msgr. Bukowski addressed more than 60 members of the St. Francis de Sales Home and School Association at the subject "The Future of Catholic Higher Education."

Main determinant of growth for private colleges, Msgr. Bukowski said, will be the availability of financial support to provide the added facilities needed to keep pace with expected increases in enrollments during the coming years. He cited several private and public sources of such funds for private colleges, and indicated a preference for the private sources.

Msgr. Bukowski, who is chairman of the Catholic College Presidents of Michigan, traced briefly the current and planned building programs of several of the seven colleges of that faith in Michigan. He said that Aquinas College enrollment would reach an estimated 2,100 by 1970, nearly 50 per cent more than the growth predictions of just a few years ago for that institution.

Msgr. Bukowski was introduced to Home and School members and guests present at the meeting by the Very Rev. Julian A. Moleski, pastor of St. Francis de Sales Church.

In other highlights of the meeting, Home and School Association President James Lamb announced formation of a committee and a brief outline of early progress toward establishment of a "Courtesy Code" standard for students; installation of an educational television facility at St. Francis de Sales school in the near future. An amendment to the constitution, providing for continuity between administrations of officers of the association, was passed unanimously.

Municipal League Meets On March 1

Mayor Nelson Bosman and City Attorney James E. Townsend will participate in the program of the annual meeting of region 5 of the Michigan Municipal League in Grand Rapids March 1.

Mayor Bosman will serve on a panel of the subject, "Municipal Organization for Civil Defense," which will be moderated by Mayor Glenn W. Eaton Jr. of Grand Haven.

Townsend will examine the question of municipal liability in tort with particular emphasis on the effect of the recent Michigan Supreme Court decision in the Williams case. This involved the death of a person in an elevator shaft in a municipal building in Detroit.

Featured speaker at the evening session will be Glenn S. Allen Jr., a member of the committee on local government of Michigan's Constitutional Convention. Allen, a former League president, will give a progress report on the convention.

Region 5 serves an area comprising the following counties: Ionia, Kent, Mecosta, Montcalm, Muskegon, Newaygo, Oceana and Ottawa. The League itself has 424 member cities and villages in Michigan. The organization serves to unite members in collectively striving for home rule and to promote higher standards of municipal government.

Holland is expected to be represented at the Grand Rapids meeting by several Councilmen and city officials.

Council to Aid In Lake Study

Councilmen Bertal Slagh and Donald D. Oosterbaan were appointed by Mayor Nelson Bosman Tuesday night to represent City Council on a committee to study improvements for Lake Macatawa, advocated by the Holland Garden Club. Slagh will be delegate and Oosterbaan alternate.

The communication which came from Mrs. Robert De Nooyer, Garden Club president, said Lake Macatawa is one of Holland's prime assets, yet its condition is such that it no longer serves in its fullest capacity as a vacation area. Any such study would of necessity include the Black River drainage basin.

The club has been in communication with the Michigan Conservation Department which will send a representative here to discuss the problem. This date will be set later. The club, meanwhile is working with local officials and service organizations to line up a representative group.

The mayor also will appoint a committee to obtain information on natural gas for local home heating. Councilman Morris Peerbolt who introduced the matter suggested a fact-finding committee consisting of two or more Councilmen, the city manager and/or the city attorney to study the natural gas program in Holland and report back to Council at the March 21 meeting.

Peerbolt referred to a backlog of home heating applications and the policy which requires a permit for home heating but not for industrial or commercial processing which requires far more volume than used in homes. Peerbolt felt that full knowledge of policies would be in the interest of public welfare. He carefully avoided any reference to the world "investigate" keying his presentation to "information."

Utilization Study Set For Hospital

City Council voted Wednesday night to "lend" \$6,000 to the Hospital Board to authorize a space utilization study for key service facilities with the James A. Hamilton Associates.

The request for such a study and funds to finance it came in a communication from the Hospital Board which is faced with the need for additional room for expanded facilities, particularly in x-ray, laboratory and pharmacy, as well as a study to alleviate crowded conditions on patient floors.

The letter pointed out that the Hospital Board has been concerned over these matters for some time and had approached the James A. Hamilton Associates, the firm which made the initial space utilization study for the large addition completed in 1957. The Hamilton consultants advised the Hospital Board that a representative would be available starting April 16. The cost of the study was listed at \$5,000 plus expenses not to exceed \$1,000. The study would last some time, and \$2,000 of the proposed \$6,000 would come under another fiscal year.

The Hospital Board asked Council to finance the study, feeling that such a project is a service to the city, rather than a cost to hospital patients, the only source of income for the hospital. Councilman Henry Steffens proposed that the transfer be in the form of a loan, and his substitute motion amending that part of the resolution carried, although not unanimously. The final resolution including the word

Dutch Drop 66-42 Game To Tigers

MUSKEGON HEIGHTS — Rolling over Holland, 66-42, Muskegon Heights' basketball team took its seventh LMCA victory in nine starts here Friday night in Bolt gym and thanks to Benton Harbor moved into a three-way tie for first place.

Benton Harbor whipped Muskegon, 86-60 to put the three clubs in a tie for first. Muskegon Heights is 10-3 overall. Holland is now 1-12 overall and 1-8 in the league. The setback was Holland's tenth straight.

Holland scored the first basket on a jump shot by Mike De Vries. The Tigers retaliated with 10 points and that was the game. Muskegon Heights led 16-7 at the quarter.

Coach Fred Weiss substituted in units and three sophomores, Jim De Neff, Darrell Schuurman and Vern Plagenhoef, were included in his second unit.

The Tigers scored 20 points against Holland's second unit while the Dutch mustered 11 and the winners held a 36-18 halftime margin.

With three minutes gone in the third quarter, Muskegon Heights pulled to a 45-18 lead. This was the signal for Coach Okie Johnson to pull his regulars.

Holland held the subs scoreless the rest of the period while scoring eight points and the third quarter closed, 45-26. Johnson put his regulars back in for the first three minutes of the final frame and the Tigers pounded the score to 61-33.

Subs flooded the floor the rest of the game. Both teams used every player on the bench.

The Tigers made 26 of 65 shots from the floor for 38 per cent. Holland hit 14 of 61 for 29 per cent. The winners had quarters of 7-17; 7-17; 3-15 and 8-16. Holland had quarters of 3-14; 5-15; 2-12 and 4-20. At the free throw line, Holland made 14 of 25 and the Tigers, 16 of 24.

Holland tried a zone but the Tigers were successful in hitting over it and they were faster than the Dutch and able often to execute the fast break. Frequently the Tigers were off and running before Holland could get back on defense.

De Vries and De Neff each had eight points for Holland while four Tigers ended in double figures. John Sanders, 6'9", led the winners with 19 while Ozen Moore had 12. Sam McMurray picked up 11 and Howard Thomas had 10.

Schuurman, De Neff and Plagenhoef played about two-thirds of the game and scored a total of 18 points. Schuurman, 6'3", center, tallied six and Plagenhoef had four.

Holland hosts Benton Harbor next Friday night in the Civic Center. The Tigers, following Friday's win, have a 10-2 overall mark.

Hope Will Play In California

Hope College's 1962-63 basketball team will play two games in California on Dec. 20-21, 1962 it was announced today by Gord Brewer, Hope athletic director.

The Flying Dutchmen will host a four-team tournament and the arrangement will be similar to the tournament Calvin College hosted this season in Norwalk, California. The tourney is during Hope's holiday vacation.

Cornelius (Cotton) Bouma, a member of the Valley Christian High School Boosters Clubs, extended the invitation to Hope. Brewer talked to Bouma by telephone this week and confirmed the dates.

As host team, Hope sent blank checks to California and Bouma will line up the three other schools for the tourney. Calvin followed this same plan this season.

The teams that competed in this season's tourney were Westmont College, Occidental College and Orange County State College. Orange County stopped Calvin 100-83 in the finals to win the event.

The four teams will play two nights. The winners will play the second night and the losers will tangle in the consolation bracket.

Bouma indicated that the tournament was a "success" this year "financially and in many other ways" and the club is anxious to stage the second annual event.

He indicated the University of Redlands, a Baptist-affiliated college, is one of the schools interested in competing. Several other West Coast schools have expressed interest, Bouma said.

The tournament is called the Valley Collegiate Invitational Basketball Tournament and the games were played in the Cerritos College gym in Norwalk, California. Herman Jongma, Valley Christian High athletic director, was tourney director this year.

Reformed and Christian Reformed Church members constitute the members of the Valley Christian High School Boosters Club and one of the reasons for the tourney is to establish closer ties between Hope and its West Coast supporters. Hope alumni clubs have been organized on the West Coast.

The Hope team will fly to California. They are expected to be housed by Reformed Church families in the Bellflower-Lakewood area.

East Wins Over Zeeland To Take League Crown

ZEELAND — East Grand Rapids' basketball team clinched the Grand Valley League championship here Friday night with a 46-37 victory over Zeeland in the Zeeland gym.

Zeeland got as much as 14 points behind in the first half and couldn't catch up even though the Chix outscored the Pioneers, 24-20, in the second half.

East led 11-7 at the quarter and 26-13 at the half. The third period score was 34-24. Zeeland was with in seven, 29-22, with 1:31 left. East scored two field goals and a free throw and Zeeland two free throws in the time remaining.

In the fourth quarter East maintained a 10 to 12 point lead. Both coaches used reserves in the closing minutes.

Zeeland did some of its poorest shooting as the Chix made only 13 of 52 for 25 per cent. East made 18 of 44 for 41 per cent. At the free throw line, Zeeland made 11 of 15 and East, 10 of 19.

Zeeland's press was effective in spots but East's superior rebounding aided the Pioneers throughout. George Maentz, 6'5" center, led the winners with 18 while Bill Mose, 6'4", had 11. Chuck Hansen had 10 for Zeeland.

East played without its two starting guards. Dick Butth's father died Thursday and Dave De Fouw was ill. East has a 7-0 Grand Valley mark, Zeeland is 4-3 in the league and 7-7 overall.

Fennville Wins, 70-60

BLOOMINGDALE — Fennville's Blackhawks scored 12 points in an overtime period and held Bloomingdale to two points as the Hawks downed the Dales 70-60 to remain in a tie with Covert for first place in the Al-Van League.

Eight of the Hawks points in the overtime were made at the free throw line, as Bloomingdale's center, Joe Wahnhoff and guard Frank Mantel led the floor on fouls. Lowell Winnie scored six of the crucial overtime points for the Hawks.

The Dales, near the bottom of the league standings, tried stubbornly to be the spoiler for the Hawks. The score was knotted 16-16 at the first quarter mark, and Fennville held a scant three-point edge, 36-33 at the half. The Dales surged to a 46-45 lead at the three-quarter mark, and the score stood at 58-58 at the end of regulation play.

Winnie wound up the night with 19 points for Fennville. Adrian Van Lonkhuizen canned 18 before he fouled out; Dick Dickinson had 15 and Bill Tulega 14 to give the Hawks a balanced attack.

The Dales' Gary Begeman had 18 points to lead his club.

Free throws made the difference in the contest, as Fennville picked up 18 points out of 33 charity attempts, while Bloomingdale collected 14 out of 22 tries. Both teams hit for about 36 per cent from the field, but the Hawks had a few more shots.

The reserve game was the same kind of contest in reverse. The Fennville reserves were shaded 33-37 by the Little Dales.

Fennville continues Al-Van League play next Friday night against Saugatuck at Fennville. The Hawks have a 9-2 league mark, and are 10-3 overall.

Saugatuck Loses To Lawton, 49-41

SAUGATUCK — Saugatuck's basketball team dropped a 49-41 decision to Lawton in a battle for fifth place in the eight-team Al-Van League here Friday night.

In a game marked by poor passing and generally "sloppy" play by both clubs, Lawton held steadily increasing leads throughout. They held a 12-10 first-quarter edge, and doubled it to 24-20 at halftime.

The third-quarter score was 39-32. Saugatuck's Dave Showers and Dennis Nichols shared point honors for the Indians with ten points each. Lawton's Ron Cornish was the most effective man on the floor, hitting for 20 points.

Saugatuck's reserve team was crushed by the Lawton seconds, 50-28 in the preliminary.

The Indians take on Fennville, the league co-leader next Friday night at Fennville. Saugatuck is now 3-9 in the league and 4-9 overall.

Panthers Record 2nd League Win

GRANDVILLE — West Ottawa's varsity basketball team put on a fine display of offensive basketball and easily defeated Grandville 66-47 to escape the Grand Valley cellar here Friday night.

Grandville played inspired ball in the first quarter as they knew that a loss to West Ottawa would bury them at the bottom of the Grand Valley Conference but the Panthers were not to be denied.

Hitting on three of 8 shots in the first quarter, the Panthers moved to an easy 12-5 first quarter lead. Grandville was aggressive in the zone defense, but this caused them to commit many fouls. The Bulldogs were also "chilly" in their shooting as they made only one shot in the first quarter out of at least 13 attempts.

The Panthers fine shooters continued bombing in the second quarter to outscore the losers 18-13 and take a 30-18 lead at halftime. The scoring and shooting balance paid off as six different Panthers contributed points in this quarter. West Ottawa made 6-11 in this quarter.

Grandville changed to a man-to-man defense in the third quarter and Osterink made eight quick points to narrow the gap to only six points at 40-34 with 2:30 left in the quarter.

Grandville's hopes were dashed in a hurry by the determined winners as they scored 16 straight points to put the game well out of reach. Bill Phelps, Norm Koop, and Tom Vizithum were the boys that piled up the points in the 16 point spurt.

The last quarter belonged to the rough play of the substitutes and the play was shoddy.

The Panthers ended with 22-47 field goal attempts for 47 per cent, while Grandville made 18-59 for 32 per cent. West Ottawa hit more free throws than in any other game this season as they made 22-33. Grandville made 11-25.

The Panthers received balanced scoring as Duane Overbeek made 15 points with Vizithum and Phelps each having 13. Phelps came off the bench for the second game in a row to put on a good offensive display at Guard. John Gord and Don Osterink led Grandville with 12 and 11 points respectively.

West Ottawa has a 2-5 Grand Valley conference record and will end up in fourth place in the conference race as third place Zeeland already has four wins with only one game remaining. West Ottawa has improved its overall record to 8-6 with two games remaining. Zeeland invades West Ottawa's new gym next week Friday and the Panthers will be after revenge after the 60-38 pasting that they absorbed from the Chix.

Fan Clears Up Hope Mystery

"Le Main" showed up, probably didn't enjoy himself, but he helped solve a mystery for Hope College Wednesday night at the Hope-Calvin College basketball game in the Civic Center.

Several weeks ago Hope College ticket manager Daryl Sidentop received a telegram from Nigeria requesting "two reserve seat tickets" to the Hope-Calvin basketball game.

The tickets were put aside but Sidentop and Hope officials were mystified that someone in Nigeria would request tickets for the game.

Athletic director Gord Brewer and Sidentop checked all of the Reformed Church missionaries in Nigeria and couldn't find any "Le Main." So they suspected a hoax.

But the tickets were marked "Le Main" and placed at the Civic Center ticket window Wednesday night. And "Le Main" showed up.

It turned out he was a representative for the Shell Oil Co. in Nigeria, who was returning to the United States "for a few days" before being transferred to Saudi Arabia.

Le Main is a Calvin alumnus and he probably was disappointed with the outcome of the game as Hope scored a 76-73 victory.

Farm Bureau Business Tops \$5.7 Million

HAMILTON — Gross sales of produce farm supplies and services topped \$5.7 million for the Hamilton Farm Bureau Co-Operative, members of the organization learned Thursday at their annual meeting here.

The cooperative's 1961 income totaled \$5,777,737. Sales and marketing costs of \$4,881,619.23 and other expenses—including a five per cent common stock dividend—left a net "profit" of \$200,804.10. Patrons of the organization will share this profit in the form of rebates distributed in ratio to their purchases from the cooperative during the year.

The 1961 financial statement listed assets totaling \$1,063,773—all of which grew from an investment by stockholders of \$13,820. Since the farm bureau was organized in 1920, stockholders, patrons and employees have received \$2,068,893 in cash savings, the report emphasized.

With one exception, all directors were re-elected at the annual meeting. John Kaper was named to succeed Louis Poll on the board. Wayne Schipper, son of one of the co-op's long time directors, was re-elected president. James Koopman is vice-president and Andrew G. Lohman, secretary-treasurer and manager. Other directors are James Overbeek, John P. Overbeek and Gilbert Immink.

The cooperative operates one of Michigan's largest egg processing plants, shipping more than 200,000 cases a year.

Set Mental Health Talk By Dr. Wendell H. Rooks

Holland's new Council of Women's Clubs and the American Association of University Women are cooperating in bringing to Holland Dr. Wendell H. Rooks, director of Hackley Adult Mental Health Clinic in Muskegon.

Date for the public meeting is Monday, Feb. 26, at 8 p.m. in the Woman's Literary Clubhouse.

Concern for the community's good mental health has been developing on several fronts and it is expected that Dr. Rooks will explain to what extent the Hackley Adult Clinic has been serving the Holland area, what possibilities there might be from the State's viewpoint for an extension of this service in the future and how interested citizens can cooperate in making nearer facilities a reality, if this is a possibility.

Several other points will be brought up: Holland already has a branch of the Child Guidance Clinic; is expansion of this service needed? Holland needs a nearer Adult Clinic for helping emotional-

ly disturbed adults; Holland needs a Family Counseling Service — a preventive measure before emotionally disturbed states are reached.

Holland needs an after-care center for citizens who are trying to re-establish normal living patterns after a period in a mental institution. Such a center has been recommended by the Michigan Department of Mental Health for the West Michigan area.

The Department of Mental Health also has recommended a Western Michigan regional diagnostic and treatment center for the emotionally disturbed, mentally ill and mentally handicapped. It is being considered in the state budget this year.

Mrs. John Winter is president of the Holland Council of Women's Clubs and Mrs. William Hillegonds is chairman of the AAUW social and economics issues committee. Both groups are urging entire memberships of organizations to attend this important meeting.

OUR WOMEN

More and more articles are appearing about the education of our women. Recently we read about the approach to the problem at Antioch College where the system alternates the periods of study and the full-time work outside the classroom.

The intent, as expressed recently by the director of the program, is to manage it "in such a way the classroom illuminates the job, and the job stimulates inquiry and insight in the classroom."

There are many colleges in the country with thousands of young women plus also women of almost every age in the education field. More and more women are going to need a good education in order to better live in the world of today. Today American women are equipped to participate on an equal basis with the men in most of the fields. There are many opportunities for advancement. With our way of life continuing to change with each passing day there will be need for more education.

Scientific know how continues to travel on at a fast pace. Almost every person is bound to be faced with learning to live with all of the modern ways of life.

Higher education is one area in which there is virtual equality. This makes it all the more interesting that college women increasingly look to marriage and a family as their goal. As the average marriage age for women declines (it went down from 21.5 in 1940 to 20.3 in 1960) proportionately fewer women go to college and more drop out of college to be married. Yet at the same time, the number of married women employed outside the home has risen correspondingly.

These circumstances pose a challenge to colleges which seek to educate young women so that they will be well prepared for either marriage or a career — or perhaps, ultimately, both. The challenge has not been ignored. A variety of experimental approaches are being tried.

Look at our public supported schools and colleges as well as our large universities right here in Michigan. Take a trip around the campuses and see how many women there are. We think that you will then understand that there are millions of women attending the halls of learning.

Education is bound to be more and more important. Whatever the method, it is of great importance that colleges and universities continue to work hard on the many problems. The education of our women becomes more important with each passing day. They are going to need the education so that they can make their very best contribution to every day life and the society.

Women that are properly educated are bound to find their way into the many affairs of the state and nation. They can and should be one of our greatest resources.

The Clean Life
Exodus 20:14; Matthew 5:27-30;
Mark 7:14-23
By C. P. Dame

Some people are more interested in what they consider a happy life than a clean life. They usually learn, sometimes too late, that a clean life leads to a happy life. God wants people to be clean and happy.

I. God forbids adultery. "Thou shalt not commit adultery." The Bible teaches what many people do not believe, that marriage is a divine institution—the union of one man to one woman for life. Unfaithfulness to a marriage partner is adultery.

The seventh commandment forbids a married man to have immoral relationships with another woman and forbids a married woman to have such relationships with another man. By implication the commandment forbids all unclean relationships between the unmarried. It is common in these days to say that men and women have drives, instincts, urges, and appetites which are natural and should be expressed. We know from experience that it is dangerous for people to give free rein to desires.

The violation of this commandment involves two people. Both are guilty although one may be more guilty than the other. The sin hurts two people. A person can steal alone. Some people say that a person's sexual life is his own affair. Sexual sins involve human affections, loyalties and sometimes bringing in new human beings into the world. This sin has caused much misery, broken families, and ruined nations. And that is a good reason why God had forbidden it.

II. The sinful look is the result of a sinful heart. The words of Jesus, "But I say unto you, That whoever looketh on a woman to lust after her hath committed adultery with her already in his heart" make the seventh commandment more meaningful. These words do not say it is wrong that men and women feel attracted to each other. God is responsible for that attraction. Desire accompanied by love is commendable. That often leads to marriage.

Unholy desires are sinful. Jesus said that if the right eye or the right hand lead us to sin to do something drastic, — tear out the eye and fling it away and cut off the hand and do the same with it. The loss will bring lasting gain.

The Christian must conquer lust, which unless it is conquered will sever his connection with Jesus. Observe the stern words of Jesus, "for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell." Our eternal destiny is important.

III. According to Jesus evil comes from the heart. Religious leaders criticized the disciples of Jesus because they did not wash their hands before eating. Jesus in defense said that the external things of life such as food do not make the person unclean but that which comes from the heart does — evil thoughts, adulteries, fornications, murders, thefts, covetousness, wickedness, deceit, lasciviousness, an evil eye, blasphemy, pride, foolishness." The heart needs constant watching.

If this discussion has been negative so far let us consider the positive side. The Bible honors sexual love. Genesis presents "the establishment of sexuality by God as His crowning act of creation." The sex instinct in the Bible is not, therefore, a vulgar accident, but an element in God's scheme of things. "God made people sexual in order that they might enrich each other. A Christian doctor made the observation that many people have told him that they believe God will forgive every sin but the sexual sin. The Bible teaches that God does forgive sins. Remember the words of Jesus, "Thy faith hath saved thee; go in peace."

The De Boer auto was headed south on River Ave., and Kavathas was driving north on River Ave. when the crash occurred, between Madison St. and the Pine Ave. intersection, at 5:27 p.m.

Police said the Kavathas auto crossed over the center line, striking the De Boer auto head-on. Kavathas' car was three feet to the west of the center line, police said.

De Boer told police he saw Kavathas' car coming toward him. He said he blew his horn, but Kavathas kept coming. De Boer applied his brakes before the collision. Police said the De Boer auto was up against a snowbank on the west side of the street when the collision occurred.

Kavathas told police, "I was going north on River Ave. As I approached Madison Ave. I was in the right side of the road. I don't remember any more as of now."

Hospital births list a daughter born Thursday to Mr. and Mrs. Grover Bennett, 36 168th Ave.; a son born today to Mr. and Mrs. Clayton Ter Haar, 370 Wildwood Dr.

The dedicatory address was delivered by former Circuit Judge Fred T. Miles, father of Probate Judge Miles, who said the purpose of the gathering was to dedicate a "home," not necessarily a detention home although the law refers to it as a detention home. The former judge traced developments leading to the necessity of such facilities and said a good share of the "guests" will not be willing guests, but boys and girls filled with fear and resentment.

He said great tact, understanding, sympathy and patience are required on the part of the house parents who in many cases can be a great influence for good. "Children need a friend more than they need a psychiatrist or a psychologist," he said.

Judge Miles said the law setting up such homes dates back 18 years. It was back in 1944 that the legislature passed the law at a time delinquency was high during World War II. During the 18 years, only 20 counties in Michigan have established such homes, but Judge Miles commended the Board of Supervisors in its careful study of the situation, referring to one of his favorite couplets by Pope. "Be not the first by whom the new is tried, nor yet the last to set the old aside."

Donald T. Anderson of Kalamazoo, educational director of Children's Charter, Juvenile Courts of Michigan, Inc., said he was proud the people of Ottawa County cared enough to do something to meet the needs of delinquent and neglected children since public apathy so often aggravates poor situations.

Also on the program were John Kirk of the Michigan Department of Social Welfare in charge of juvenile detention; William T. Downs, Deputy Court Administrator of the Supreme Court of Michigan, administration of probate courts, and Judge Drake of Ingham County who presented a paper to Probate Judge Miles on behalf of the Probate and Juvenile Court Judges Association of Michigan. Larry McLaughlin, president of the student council of Grand Haven High School, presented an American flag to the new home. Music was in the form of French horn selections by Ricky Vanden Berg and Cathrene Odmars and a cornet duet by Greg Merwin and James Johnston, all of Grand Haven High School.

Cause of the fire was listed as an overheated incinerator in the basement of the home. (Sentinel photo)

Maroons Have 14-Game Win String Ended

ST. JOSEPH — Holland Christian's basketball squad had its 14-game winning streak snapped here Tuesday night as the Maroons bowed to an inspired St. Joseph team 60-57 before 1,800 fans in the St. Joseph gym.

The loss was Christian's first since the opening game of the season when the Maroons were edged by another three point margin, 62-59 by Hudsonville Unity Christian, St. Joseph, which appears to be improving with every game since the return of the injured Bill Fette, is now 9-5 for the season.

Coach Art Tuls felt that generally his outfit played its poorest game of the season and said, "You just don't win ball games, making as many mistakes as we did." It was obvious from the start that the Maroons were not sharp as they threw many bad passes and were detected on numerous violations of one kind or another.

Even with the mistakes in the opening half, it appeared as if the Maroons could take the game as they moved out to sizeable leads up to eight points. But the Bears picked up steam as they picked up confidence as the game wore on and definitely outplayed the Maroons in the second half when they pulled out to a one point margin midway in the third stanza.

Unquestionably the big difference in the Bear attack was the work of the rugged Fette who was great on the boards and also scored 14 points. Overall the Bears had the best of the rebounding struggle as Fette got fine help from Center Bob Vander Boegh and sharpshooting forward Dale Brant. Board control also gave the winners several good opportunities to fast break Christian with a couple of timely baskets.

In the shooting department, the Maroons again had a fine 41 per cent mark on 25 out of 60 tries, while the Bears did almost as well with 38 per cent on 25 out of 66. A good share of Christian's shooting was from out as they shot over the St. Joe defense which changed from a man-to-man in the first half to a zone in the second.

While the Maroons were matching the Bears from the field, they were hurting at the free throw line as they connected on seven out of just 12 tries. St. Joe, meanwhile, collected on 10 out of 20 attempts. Only two fouls were called on St. Joe in the first half.

With all five players scoring in the first period, but paced by center Jim Langeland on some fine shooting, Christian broke a 7-7 tie to take a 13-7 bulge with two minutes left. Fette then hit two for the Bears before the Maroons upped their lead to 17-11 at the first horn.

Clare Van Wieren opened the Christian scoring in the second

half to boost the Maroons to an eight point bulge, their biggest of the game. Christian managed to hold the lead during the second period but some fine shooting by Brant narrowed the gap to one point, 24-23 midway in the stanza. By halftime the Maroons were still out in front by a 30-27 mark.

Christian scored in the opening seconds of the second half on a layup by Fredricks, before the determined Bears began to chop away at the lead. They narrowed the gap to 35-34 before Brant again connected to give the winners a 36-35 bulge. The Maroons came right back to lead 40-38 on some good outcourt shooting by Paul Tuls and Paul Steigenga. The count was knotted 42-42 later before soph guard Mike Pallas turned the gym into an uproar with a desperation heave from almost three quarters of the floor to give the Bears a 44-42 cushion, as the horn sounded.

Holland never got on top in the final period, trailing 51-48 at the four minute mark. Paced by some good foul shooting, the Class A Bears took a 54-48 lead and then a 56-50 margin, before the Maroons managed to narrow the gap to three points with the aid of an effective press. St. Joe hit on eight out of 12 free throws in the last period.

Christian was led by the fine offensive work of Langeland who came up with 18 points, followed by Fredricks with 12. Brant, a great shooter, led the winners with 20 followed by Pallas with 15. The Maroons play again on Friday when they journey to Kalamazoo College's Treadway gym to meet University High. The reserve game is slated for 7 p.m. instead of the usual 6:30 p.m. starting time.

Hope Stops Albion, 93-76 For 9th Win

ALBION — Scoring 57 points in the first half for its biggest initial half scoring of the season, Hope College's basketball team breezed to a 93-76 win over Albion here Saturday night in Kresge gym.

The victory was another big step in Hope's second semester drive for the MIAA championship. The Flying Dutchmen now have a 9-2 record with only Alma (2-7) left to play next Saturday night in Alma.

Hitting 57 per cent of their shots in the first half, the Flying Dutchmen "flew" to the 57-point total. Hope was hitting from all over and made 22 of 39 shots.

Hope's percentage and point total in the first half were identical. Albion's was also identical with 38 points and 38 per cent.

Jim Vander Hill led the first half drive with 18 points while Ek Buys followed with 15. Co-captain Buys led the early drive as he banged 11 points in pushing Hope to the early 28-13 margin at the 10-minute mark.

Vander Hill took over the rest of the half as Hope rolled to a 53-32 with 2:08 left and 57-38 at the half. Albion made 17 of 45 for 38 per cent in the first half.

Vander Hill hit seven baskets and Buys six in the first half. At the free throw line, Hope cashed in on 13 of 18 and Albion four of nine in the first half.

Hope continued its fine shooting early in the second half and pranced to a 69-45 lead with the second half three minutes old. But then the Dutchmen hit a snag.

Albion, putting pressure on the Hope guards Bob Reid and Ron Venhuizen, took control of the play and in the next seven minutes outscored Hope, 19-3.

This rally pulled the Britons within eight points, 72-64 with nine minutes remaining. During the famine, Hope missed 11 straight shots.

Glenn Van Wieren was reinserted into the lineup and worked the defensive boards. Hope, with Reid leading, managed to work through the tight Albion defense and got the ball into the shooters' range and the Dutchmen were again on the attack.

Vander Hill made eight straight points in the rally. Van Wieren's pass to Vander Hill gave Hope a basket to push the count to 83-69 with five minutes left and the Dutchmen enjoyed 12 to 17-point margins the rest of the game.

Hope concluded with 34 baskets in 73 tries for 46 per cent while Albion had 33 of 93 for 33 per cent. Hope's second half was 12 of 34 while Albion had 16 of 48.

The Dutchmen again made the one-and-one "bonus" free shot pay off. They hit 25 of 33 as Albion was charged with 26 fouls. Albion hit 10 of 22 free throw tries. Hope made seven key free throws in the closing minutes.

Vander Hill scored 34 points to push his MIAA total to 255 points in 11 games for a 23.2 average. The 6'2" junior won the MIAA scoring race last season with 261 points. He has scored 462 points for a 24.6 average in 19 games. Hope is 11-8. Vander Hill made 13 of 24 from the floor.

Buys followed with 22 on nine of 13 from the floor. Gary Nederveld and Van Wieren each had 13. Nederveld hit four of seven and Van Wieren, four of 10.

Emil De Grazia made 25 for Albion and Dennis Groat added 21. Jim Papenfuss, Albion's 6'4" center, left on fouls in the first minute of the second half. Larry Pratt, Otsego guard who has been Albion's leading scorer, the last four games was held to nine points.

Civil War Vies With Space Age for Attention of WLC

Mixing history of 100 years ago with Tuesday's space flight was something of a novelty for the Woman's Literary Club Tuesday afternoon.

After a lecture by Dr. Willis F. Dunbar of Western Michigan University on "Michigan and the Civil War, 1862, a Crucial Year," activities switched to watching TV and learning that Col. John Glenn Jr. had just landed after completing three orbits around the world.

Answering a question on whether men make history or history makes men, Dr. Dunbar referred to the space flight and said Col. Glenn's name will go down in history for Tuesday's event, yet the accomplishment itself involved the talents of thousands of people and knowledge of the universe dating back to Galileo and before.

In going back 100 years to Civil War Days, Dr. Dunbar said it is difficult for anyone today to envision that period clearly since the century that has elapsed was one of phenomenal advances. He said the world of 1862 was a small world. Holland had been founded only 15 years earlier. There was some contact with countries in Northern Europe. Africa was virtually unknown except for an occasional Dutchman who knew another Dutchman in South Africa. Missionary effort was about the sole contact with other continents.

The average American in 1862, Dr. Dunbar said, had inherited a fixed distaste for Great Britain, an outgrowth of the Revolutionary War. Strangely enough, Americans thought well of Russia. But Russia was a rival of England and anybody who disliked England was a friend of America.

Slavery was not the main issue of the Civil War early in 1862, Dr. Dunbar said while President Lincoln heartily disliked slavery it was not his intention at that time to wipe it out but rather to keep slavery from spreading into the northwest territories.

When the Emancipation Proclamation was read Sept. 12, 1862, it did not free a single slave, but it kept Great Britain from recognizing the South Britain's support for the North on this issue was far more important than it appears

at the time, Dunbar said.

Michigan with 749,000 population (about 10 per cent of today's census) sent 90,000 men or about 25 per cent of all its men into the northern forces. One of six failed to return, but Dunbar said many more died of disease than of wounds. Besides giving largely of her manpower, Michigan contributed much more in the way of iron from the upper peninsula and foodstuffs. Labor was a big problem, and women took to the fields along with immigrants who were arriving in large numbers. Shortages led to the development of farm machinery to aid planting and harvesting.

The Holland settlement, not yet a city, sent more than 400 men to the Civil War. Holland's founder, Dr. A. C. Van Raalte strongly backed the Union Cause and spoke ardently against slavery.

Dr. Dunbar believes today that slavery would have died at natural death had the Civil War not intervened. Cheap immigrant labor was available in huge numbers. The northwest and central areas of the United States were not conducive to southern crops. Besides, the average price of a slave was \$1,500 and the owner was responsible for his welfare in old age as well as the entire family. Dr. Dunbar said Britain abolished slavery without a war, and it would have been much cheaper to compensate the slaveowners in this country. Instead, the country went on an emotional binge, leaving the country today with sectional differences and a race problem.

Miss Ruth Keppel, chairman of the nominating committee, presented a slate for the coming year to be voted on March 6. Listed are Mrs. William G. Winter, president; Mrs. John F. Lincoln School Dedicates Gym

Lincoln School dedicated its new facilities, including a new gymnasium, Tuesday at the monthly PTA meeting at 7:30 p.m.

Jack Plewes, president of the Holland Board of Education, spoke at the dedication. Renovations at Lincoln and the gym were included in the 1960 bond issue at a total of \$130,000.

Principal Russell Welch presented a plan to the PTA for consideration and suggestion which included six points concerning the gym.

1. That no one, regardless of church or school they attend, will be excluded from a group if they qualify for membership.

2. That the program starts at 3:45 p.m. (except Wednesday) during the school week.

3. That a mother's, a father's and a family night be arranged.

4. That provision be made for junior and senior high groups.

5. That a Spanish-American night be sponsored.

6. That the Lincoln School Boys' and a Lincoln School Girls' club be reactivated.

Constructed of cement blocks with a brick veneer, the gym has a 20' ceiling clearance. The roof is supported by four laminated yellow pine beams.

The floor space is 50 by 670 feet and the planned playing area is 40 by 60 feet. The floor is of hard maple and has been in use since Jan. 29.

The main entrance is from 11th street and there is also a 10th street entrance. The lobby floor, rest rooms, dressing and shower rooms are ceramic tile. A drinking fountain and trophy case are in the lobby. There is a wainscoting of cement blocks which has a ceramic coating in the gym lobby and hallway.

A 16' by 40' stage is on the east side of the gym. The front of the stage is constructed so as to provide three eight-inch risers when needed. A total of 15 fluorescent fixtures light the gym.

The gym almost entirely encloses the "blacktop" area and the school hopes that the enclosed area can be developed into a court with shrubbery, flowers, cement benches, a grill and a shade tree. It is presently used as a hopscotch area.

With the utilization of the gym, the former teacher's lounge now becomes a practice room for band and orchestra, a class room, committee meeting room and a room where an opaque projector will be used exclusively.

One half is being used as an art supply room and the remaining portion is used for a band practice room and small planning groups.

The former library store room and work room was remodeled and a wall kitchen added. The former stage has been converted into a building storage and minor maintenance room. Building furniture and equipment will also be stored in the room.

The old gym has been converted into a library. Adjoining the library is a room which can be divided into two smaller rooms for speech correction work and testing.

Rep. Ford Seeks County Land for Park Purposes

WASHINGTON, D. C. — Rep. Gerald R. Ford has asked Secretary of Agriculture Freeman to transfer 2,000 acres of federally-owned land in Ottawa County to the County for park and recreational use. A previous request by Ottawa County Board of Supervisors had been denied by the Forest Service and the Department of Agriculture on the basis that such a grant would set an undesirable precedent and would be unfair to other counties.

The Department agrees that "the program of Ottawa County for the development of these lands appears highly desirable," but holds that "if direct federal contributions to county recreational development programs are to be made they should be made through a general program available to all counties rather than through grants of land to one or a relatively few counties."

Ottawa County has on hand \$11,700 for the development of picnic areas, hiking trails, horseback trails, etc. on this land which has been classified by the Forest Service as "suitable and needed for public recreational use." The development, therefore, would be at no cost to the federal government.

In a letter urging Secretary Freeman to reverse the decision of the Forest Service, Rep. Ford listed ten considerations in support of transferring the land to Ottawa County for development as a recreational area:

1) The development of the land for recreational purposes is in line with the program of the President; 2) the Department of Agriculture agrees that the County's program is highly desirable; 3) because the land is classified for recreational use it cannot be sold to private owners; 4) there would be no cost to the federal government for the park development; 5) local cooperation and approval is assured; 6) the recreational facilities would serve a large metropolitan area; 7) a lease or exchange arrangement is not practical; 8) a refusal to grant the land to the County means there will be no park development in the foreseeable future; 9) it is not unfair to grant the land to Ottawa County when the recreational facilities will be open to any resident of the United States; and 10) no undesirable precedent will be established by a constructive effort at Federal-County cooperation in the national interest in line with the President's policy to promote development of recreational facilities.

The land requested was acquired by the Federal Government in the early '30s under the Bankhead-Jones Act. The 2,040 acres designated for park and recreational purposes are in the West Ottawa Sand Dunes Project containing approximately 6,200 acres. The parcels involved lie mainly in Port Sheldon and Olive Township, with a small area in Park Township.

Burglars Hit Two Holland Area Stations

Burglars entered the Admiral Oil Co. service station on M-21 near the US-31 bypass interchange Friday night or early Saturday and stole more than \$300 from a cash box. A second gas station in Holland was entered, but apparently nothing was taken.

The Admiral break-in was discovered at 1:30 a.m. today by Ottawa County deputies on regular night patrol in the area. Detective John Hemple said the entry occurred sometime between 10 p.m. Friday, when the station closed, and 1:30 a.m.

The break-in was the second at the station within the last month. The thieves smashed out a small window at the rear of the building and crawled through into the station.

Hemple said the amount taken was placed between \$305 and \$310. In addition three cartons of cigarettes were taken. The money and cigarettes were kept in a wooden cabinet.

The last break-in at the station occurred Jan. 24. Hemple said \$177 was taken in that theft.

A break-in at Johnson's Cities Service at 755 Michigan Ave., late Friday or early Saturday, was also reported. Holland detectives said the would-be thief pried open desk drawers and a soft drink and cigarette vending machine, but that nothing appeared to be missing.

Entry was gained by smashing out a window with a car battery. The break-in was discovered by owner Corrie Johnson at 9 a.m. today. The break-in occurred sometime after 10 p.m. Friday when the station closed.

Detectives said they did not know if there was a connection between the Johnson break-in and the break-in at the Admiral Oil Co. Station.

(Pohler photo)

A white candle tree with white carnations, two red and white bouquets of carnations, four palms and two single rows of candles adorned the sanctuary of South Blendon Reformed Church when Miss Karen Sue Wabeke became the bride of Lloyd Allen Vereeke.

The 7:30 p.m. double ring ceremony was performed by the Rev. Arndt Roskamp on Friday, Feb. 9. Mr. and Mrs. Gordon Wabeke of route 3, Hudsonville, are the parents of the bride. The groom is the son of Purlin Vereeke of route 1, Zeeland.

As the bride approached the altar escorted by her father, Mrs. Pat Diekema, organist, played traditional wedding music. Soloist, Gene Wabeke, sang "O Perfect Love," "I'll Walk With God" and "I Love Thee."

The bride's white satin gown was styled with a lace banded Bertha collar, a princess skirt with a drop back at the waist pleating to a fullness and forming a chapel train. A large white satin bow added back interest. She wore a crown of orange blossoms and carried an open Bible decorated with red and white carnations and red and white streamers.

Mrs. Elaine Biesbrock was matron of honor while Mrs. Gloria Drew and Mrs. Dorothy Driesenga, sister of the groom, were bridesmaids. Best man was Bob Kloosterman, cousin of the groom, Gelmer Boetsma and Ken Wabeke, brother of the bride, seated the guests.

The honor attendant wore a gown of red velvet with a scoop neckline coming to a V in the back. The dress featured a full skirt, short sleeves and was trimmed with a red taffeta cummerbund with a large bow and sash in back. Her headpiece was a white lace and nylon band. She carried a lace heart of red and white carnations. The bridesmaids were attired identically.

The dresses worn by the bride and her attendants were designed by Mrs. Dennis Rietman.

The mother of the bride chose a deep blue velvet dress with a satin cummerbund accented in back by a big satin rose with a streamer. She wore a pink hat and a corsage of pink and white carnations.

Miss Debbie De Jonge as flower girl wore a red velvet dress with a headpiece of flowers. She dropped flower petals as she approached the aisle.

Joel Shoemaker, cousin of the bride, was ring bearer. He carried a white satin pillow.

Harbison, 19, of 719 First Ave., with disobeying a stop sign and driving with obscured vision following a two-car accident at 7:30 p.m. Sunday at 17th St. and Ottawa Ave. Police said the Harbison auto collided with a car driven by Larry D. Borgman, 19, of 626 West 21st St.

Van Wieren's Rebounding Has Helped in Hope's MIAA Drive

Glenn Van Wieren, 6'2" Holland sophomore, has been one of the big reasons for Hope College's surge in the second half of the MIAA title race this season.

His rebounding and scoring has been a pleasant surprise to Coach Russ De Vette. Van Wieren will be at guard for the Flying Dutchmen when they host Aquinas Wednesday night in the Civic Center. He is the lone Holland player on the Hope team.

"Van Wieren's rebounding ability has given us added strength on the defensive boards," De Vette said today as he mapped strategy for the Aquinas game and the Alma game Saturday night in Alma.

"He can rebound from the outside," De Vette said, "and is as effective in rebounding from outside as being placed underneath."

"Glenn's ability to score from guard has been a surprise to all of us," De Vette said.

His ability to score from guard and his rebounding showed Van Wieren's desire to want to play. It was quite an adjustment to play outside or in a guard position.

He was forward last season and scored 180 points as a freshman. He was also Holland High's most valuable player in 1959-60 and was Holland's top rebounder from a forward spot.

But this season with the improvement of Gary Nederveld, De Vette decided Van Wieren could help most from a guard post and Van Wieren responded quickly to the change.

He also averaged his personal displeasure in the Calvin game. After fouling out of the first Hope, Calvin game this year just as Calvin started its game-winning spurt, Van Wieren was on hand last Wednesday to help push the Dutch to its game-winning spurt.

Glenn Van Wieren ... made adjustment

His second half rebounding against Calvin was a big factor in Hope's victory. And he added 18 points from his guard spot on jump shots.

Van Wieren's defensive work on the boards against Albion last Saturday after the Britons had chopped Hope's lead to eight points was instrumental in the victory. He scored a left-hand hook against the Britons that started Hope's final drive after the Dutchmen had missed 11 straight shots.

Shooting off either foot and often times extremely unorthodox, Van Wieren has scored 232 points in 19 games for a 12.4 average. He is tenth in the league with 131 points.

Van Wieren's brother, Clare, is a top player at Holland Christian. He is expected to attend Hope next fall.

Robinson Is Studying Annexation

The Robinson Citizens Committee is continuing its study on whether or not Robinson school district shall annex to the Grand Haven school district, following a public meeting Monday night in Robinson School. The district has been informed that Grand Haven will take no more students on tuition this fall unless the district annexes.

William Way and Mrs. Ralph Montgomery of Spring Lake gave brief summaries of the recent annexation vote in which Spring Lake voted down a proposal to annex to the Grand Haven district. Four other representatives of Spring Lake all gave different viewpoints.

About 60 attended the meeting. Other meetings will be held later, the committee decided.

AAUW Group Hears Review

The regular meeting of the Holland Branch of the American Association of University Women was held Thursday night at the Woman's Literary Club with Mrs. John Bender, presiding.

After a report from the fellowship chairman, Mrs. D. Kenneth O'Meara, it was voted to contribute \$1.50 per member, or \$166.50, to the AAUW National Fellowship Foundation, to be used for graduate fellowships. It was decided to keep some of the money made at the used book sale in reserve so that the local branch can establish a name grant in the near future.

Mrs. James DeYoung, arts chairman, set March 12 as the date for a music study group meeting. Miss Jantina Holleman will present a program on Renaissance music at the Hope College Music Building for all interested AAUW members. Mrs. DeYoung said that both the afternoon and evening literary study groups have been meeting regularly all year.

In the absence of Mrs. William Hillegonds, chairman of the committee on social and economic issues, Mrs. Bender reminded members of the meeting to be held on Feb. 26 at the Literary Club at which time Dr. Wendell Rooks, director of the Hackley Adult Mental Health Clinic at Muskegon, will conduct a program on the community's needs for an adult mental health clinic. This meeting is sponsored by the social and economic issues committee of the Holland Branch of the AAUW and is open to the public.

Mrs. Bender announced that the next meeting of the AAUW would be a buffet supper on March 15, put on by the new members with Mrs. Harry Brorby in charge. At this time, Miss Eunice Brake, AAUW State International Relations chairman, will be the speaker.

The program for Thursday evening was a fascinating book review of Ernest Gann's book, "Fate Is the Hunter," given by Miss Ruby Calvert. This is the story of commercial air flight during the '30's and early '40's. It tells of the wonderful and exciting life the author led, and of his many brushes with fate.

Miss Calvert portrayed all the excitement and drama of the story, and also described many of the character studies which the author portrayed.

Following the program refreshments were served by Mrs. Henry Steffens and her committee. Mrs. Daniel Boone, Miss Lorraine Helinga, Mrs. Frank Gaiowski, Hazel Hayes, Miss Barbara Lampen and Miss Althea Raffenaud.

Following the final curtain Thursday night, the cast and staff of the play was honored at a party in the foyer of the auditorium. Parents brought the food served.

Theatre Group Prepares For Coming Production

Flats, scenery, props and costumes moved to the new Holland High School auditorium workroom this weekend as Holland Community Theatre members completed another step toward their next production, "Gas Light," to be presented March 1, 2 and 3 in the auditorium.

Working on sets and properties in the workroom which is designed for the type of finishing and building that requires much space, seems a luxury to the theatre group members as also will the new stage.

Costumes and properties for the Victorian thriller provided a challenge to those who worked with them. From the time a play is cast and goes into rehearsal, much work goes on in building, painting, hunting for the right furniture and props and fashioning costumes. Although the work of the technical director, stage manager and crew members may seem thankless, it became worth while when each sees his bit fit into the finished production, Community Theatre members agree.

Anyone interested in working on the set for this production or for future productions may call Peter de Moya, technical director, at EX 6-8106 or Mrs. Ray Reidsma at EX 6-8106.

BREAK BOTTLES — City Sealer Al Reinink of the Holland Department of Environmental Health stands by while a bulldozer, driven by Bob De Boe, pulverizes some 7,000 short measure milk bottles Monday afternoon at the city dump. Reinink ordered the bottles destroyed after each bottle in an entire shipment of the half-gallon bottles to a local

dairy was found to be 2.68 fluid drams short. Figuring an average bottle life of 38 trips, Reinink said the short measure would have cost Holland consumers \$712 for milk they would not have received. The \$1,800 loss, which represents the cost of the bottles, is being absorbed by the out-of-state manufacturer. (Sentinel photo)

Discuss Decent Literature at Optimist Meet
